ADDITIONAL INFORMATION

- Programming Languages:** Java, JavaScript, TypeScript, C, C++, C#, Python
- Frameworks/Technologies:** Spring, Spring Boot, ASP.NET Web API, React, Next.js, Express.js, Tailwindcss
- Databases:** MongoDB, PostgreSQL, MySQL, MariaDB
- Tools & Platforms:** Git, GitHub, Figma, Adobe XD, Adobe InDesign
- Concepts:** WebSocket/Socket.io, Authentication/Security, Microservices, Responsive Design

PROJECTS

Restaurant Management

- Developed a full-featured POS system to manage orders, billing, and inventory for restaurants, using React for the frontend and Node.js/Express.js for the backend.
- Implemented secure authentication with JWT and role-based access for admins, cashiers, and kitchen staff.
- Integrated real-time order notifications with WebSocket/Socket.io for kitchen staff and implemented a responsive dashboard for sales analytics.

ChiefSoft

- Created a professional website for ChiefSoft, a startup, to showcase its services and attract potential clients.
- Focused on delivering a clean and modern interface to highlight the company's core offerings.
- Ensured a responsive design for seamless functionality across all devices.
- Gained expertise in web development, user experience design, and responsiveness optimization.

AEDistribution

- Managed large datasets for AEDistribution, processing 50 million rows daily for gas station fiscalization.
- Used Java services, threading, and optimization to handle high data volumes efficiently.
- Ensured data compliance and integrity in the processing workflow.
- Gained expertise in scalable solutions and streamlining data processing for accurate results.

TastyRush

- Developed TastyRush, a program showcasing a variety of restaurants to help users explore dining options.
- Integrated search filters, detailed information, and user reviews to improve the experience.
- Built a robust backend for data management and an intuitive front-end for seamless interaction.
- Refined skills in creating user-focused applications with smooth and engaging experiences.

EXPERIENCE OUTSIDE TECH

Assistant - Don Bosco

2018 - 2023

- Volunteered at Don Bosco for several years, supporting children and adults through events, games, and tutoring in math and English.
- Gained valuable skills, fostered a positive learning environment, and learned to balance my social life.

Receptionist - Hotel Colosseo Shkoder

June 2020 - September 2020

- Served as a receptionist at Hotel Colosseo Shkodër, managing guest check-ins, reservations, and front desk operations.
- Handled inquiries, coordinated with departments, and ensured a smooth visitor experience.
- Improved communication, multitasking, and problem-solving skills in a fast-paced environment.
